Custom wall and hallway panels

Choose your own dimensions. For custom panels from 1 to 3m², use the calculation below to estimate your price. The first square metre costs R3,000; additional area costs R2,000 per m².

Width in metres × height in metres × R2,000 + R1,000 = estimated price

Example dimensions	Calculation	Price
1m × 1m	1 × 1 × R2,000 + R1,000	R3,000
1.5m × 1m	1.5 × 1 × R2,000 + R1,000	R4,000
2m × 1m	2 × 1 × R2,000 + R1,000	R5,000
3m × 1m	3 × 1 × R2,000 + R1,000	R7,000

For custom sizes outside 1–3m², request a quote. Hallway panels use the same formula; unusual proportions may need extra support.

Includes protective packaging and a care leaflet. Courier and hanging hardware are excluded. Custom estimates are confirmed after reviewing dimensions and design.
